It is the intent of this Resolution to permit these non-conformities to continue until they are removed, but not to encourage their survival. It is further the intent of this Resolution that non-conformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

b. Non-Conforming Buildings and Structures.

- (1) A non-conforming use of a building or structure lawfully existing upon the effective date of this Resolution may be maintained and may be repaired or altered.
- (2) A structure non-conforming as to use, height, yard requirements or lot area per dwelling unit may be added to or enlarged provided that no enlargement shall exceed fifty (50) percent of the total floor area contained in said building or structure at the time of enactment of this Resolution.
- (3) *A structure existing prior to the adoption of the original zoning laws that is non-conforming as to yard requirements and/or lot area shall be permitted, without necessity of variance, to be expanded or altered as long as the addition does not encroach any closer to the property lines or right-of-way for which it does not conform as to set backs or distance requirements, so long as said expansion or alteration is 25% or less of the prior existing floor area.* (* Changed with Amendment #3 October 2003)

Any alteration or expansion of non-conforming prior existing structures that are greater than 25% or will encroach closer to a non-conforming set back, right-of-way distance or property line requirement shall require an application for variance.

2. Revocation of Zoning Certificate. Any Zoning Certificate issued upon a false statement shall be void. 3. Invalidity of a Part. If any article, section, subsection paragraph, sentence or phrase of this Resolution is for any reason held to be invalid by a Court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution.
4. Repeal of Existing Resolutions. All resolutions or part of resolutions inconsistent _ with or in conflict with this Zoning Resolution, and all additions and amendments thereto are hereby repealed by the adoption of this Resolution.
5. Violation. In case any building is, or is proposed to be located, erected, constructed, reconstructed, enlarged, changed, maintained or used, or any land is, or is proposed to be, used in violation of this Resolution, the Board of Township Trustees, the County Prosecuting Attorney, the Zoning Enforcement Officer, or any neighboring property owner who would be damaged by such violation, in addition to other remedies provided by law, may institute injunction, mandamus, abatement, or any other appropriate action or proceeding to prevent, enjoin, abate, or remove such unlawful location, erection, construction, reconstruction, enlargement, change, maintenance or use.
6. Fine.
